

Your Local Business Transport News

As a Hammersmith based firm of Solicitors we are excited to hear that the Circle Line is to be extended to Hammersmith as from December 2009. The London Underground Services say that this is to increase reliability and capacity on the District, Hammersmith and City and Metropolitan Lines that the Circle Line shares tracks with. As a busy firm of solicitors based in Hammersmith we serve all of West London and we feel that this demonstrates that the business activity in our local community is thriving. There are a lot of local businesses with employees coming in on the London Underground Service. We act for lots of these people and are pleased that the transport system will be improved upon in this way.

Please contact Charlotte Pegman on 020 8735 9776 or CIP@hpwsolicitors.co.uk. We are experienced personal injury solicitors based in West London.
